Equip your teachers with the tools to build specific skill sets with *TeachUNITED Focus Courses*. These single topic, high-impact courses provide tangible tools for high-quality instruction.

**FOCUS COURSES**

Each unit provides practical, easy-to-apply strategies with grade-level and content-area adaptations.

As participants move through the program, they meet as a cohort with a TeachUNITED instructional coach to share, problem-solve, and collaborate. Educators end the program with a portfolio of focused strategies adapted to the unique needs of their classrooms.

*TeachUNITED* is a global non-profit dedicated to empowering teachers with supportive coaching, evidence-based strategies, and personalized learning design. Teachers experience transformed teaching and learning and improved student outcomes.

Focus Course Details

Participants: Teachers and/or Instructional Coaches

Duration: Flexible, ~3 months, designed to fit easily into existing mentoring or PD structures

Pacing: ~1 hour per week, 10-12 hours for the program, including course time, assignments, and PLC webinars

Focus Course Structure

- Access to the 9 lesson online asynchronous learning course
- Monthly Professional Learning Community (PLC) Webinars
- Personalized reflection and feedback opportunities throughout the online course

Available Courses

StUDENT-CENTERED LEARNING
This course introduces educators to the best practices and strategies for student-centered learning (SCL), the instructional approaches that support individual students as the drivers of their own education.

Sample Learning Outcome:
Understand theory and research behind SCL. Explore how SCL content strategies can increase student engagement.

"WHAT I WISH I’D KNOWN": SUPPORT FOR EARLY CAREER EDUCATORS
This course is designed for educators in their first three years of teaching. Addressing concerns ranging from classroom management strategies, time management, administrative support, and burnout, this program provides practical advice and strategies for educators as they get started in their teaching careers.

Sample Learning Outcome:
Identify challenges to successful mindset in early career teaching (and why a healthy mindset connects to student engagement/achievement).
